PROFESSIONAL EXPERIENCE

PROJECT MANAGER/INSTALLATION COORDINATOR. TORMAX Canada | Vancouver, BC

July 2024 - Present

Project Manager and Installation Coordinator responsible for managing commercial automatic door projects from start to finish, including Project Estimation, Scheduling, Material Planning and Client Communication. Act as the main coordination point between installers, suppliers, and internal teams to ensure efficient, on-time project delivery. AAADM Certified Inspector.

- Coordinated end-to-end automatic door installation projects using Lean and CPM methods, reducing turnover time from **3 weeks to 1 week**.
- Introduced workflow improvements (Kaizen, structured scheduling) that increased project delivery efficiency by **40%**.
- Performed small-scale estimating and site assessments, supporting accurate proposals and driving **30% revenue growth**.
- Managed installer scheduling, materials, and client communication to minimize delays and improve field productivity.
- Applied AAADM certification to ensure compliance and reduce post-installation issues by **25%**.

SUPPLY CHAIN MANAGER. Wellness Extract | Abbotsford, BC

August 2023 – July 2024

Led global operations across North America, UK, and Australia, including 3PL management. Served as liaison between Logistics and Operations teams, **achieving 66% growth in 2023**.

- Effectively managed FBA and 3PL inventory, making strategic decisions to switch 3PLs for budget optimization, resulting in a **23% cost reduction** while maintaining service levels and enhancing overall supply chain resilience.
- Coordination on International Shipments to reduce production to sell stage time to **2 Months**.
- Created roadmap/demand analysis for **future inventory planning** in SAP to reduce stock outs.
- Trained team on salesforce to increase overall **team efficiency**.
